Dear Sir: REL: COAL CREEK DISTRIBUTION

Enclosed herewith you will find a copy of the decree adjudicating the water rights in the Coal creek system. You will note that change in red is in keeping with the final order of the court in this case which was filed April 6, 1936. Mr. Jerman reported that you did not have a copy of the decree nor was there one available in Cedar City.

This is, therefore, being furnished you, as Water Commissioner, to be used as a guide in distributing the water of Coal creek system.

Yours very truly,

T. H. Humphreys
